

Effective Post Crash Care

FEVR
Fédération Européenne des Victimes de la Route
European Federation of Road Traffic Victims

FEVR campaigns for road victims' rights and road danger reduction

- This includes the call for a more serious post crash response:
- investigation to minimum standards
- criminal and civil justice for victims
- medical and social care to satisfactory standards
- How a country responds to road death and injury indicates the importance it accords road safety

Post Crash Care / Response

Why is effective PCC important

Figure 2: Adapted from SafetyNet (2009) – Post Crash Care Report

Figure 3: The Five Pillars of Road Safety – WHO

IMPACT OF ROAD DEATH AND INJURY

Research into the principal causes of the decline in quality of life & living standard suffered by road crash victims and victim families

PROPOSALS FOR IMPROVEMENTS

The objective of the latest enquiry was to determine the causes of victim families' substantial drop in both quality of life and living standard and to propose administrative and legislative improvements.

How a country responds to road death and injury indicates the importance it accords road safety

DIFFICULTIES OF RESCUE OPERATIONS

EVERY SECOND COUNTS

“Most times, during a serious traffic accident, rescuers have little time to get the casualties out of their vehicles.

For this reason, they need some helpful information as soon as possible about the broken vehicle:

'My life after the crash'

An exploratory international online survey on medical, psychological, social and economic consequences of serious road injuries

- Collect, analyse and synthesize information on the **medical**, psychological, economical and social impact of being a traffic victim

Valetta Minister Declaration 28.3.2017

- f) ensure the effective deployment of the e-Call system and reduce rescue times;
- j) continue developing measures to ensure post-collision care, early rehabilitation and social reintegration of road traffic accident victims, in cooperation with the relevant public policy stakeholders, in particular with those representing road traffic victims;

Revive

Exchange best practice between stakeholders.

Improving Post-collision Outcomes by sharing best practice in Emergency Medical Service and Rescue/Fire Service in Europe
